WORLD SKILLS JOURNEY

TODAY

Before we begin, here's a little about us...

WorldSkills Australia is a social enterprise that passionately believes vocational skills drive the future of young people, and of Australia.

We do this by enabling young people to showcase their trade and skill talents.

Since 1981 we have been partnering with education providers, industry and government to promote and build a skills culture, celebrate excellence and showcase VET.

10TH

IN THE
WORLD

We engage thousands of young apprentices, trainees and students in STEM-strong skill competitions where they hone their technical and employability skills to the highest possible standard.

We create medal winning champions from all backgrounds who go on to inspire others to follow in their footsteps.

Our vision is to contribute to sustainable economic prosperity through development, recognition and promotion of skills excellence.

**Your journey to excellence
STARTS
HERE**

Every two years we send a highly trained team, the Skillaroos, to compete against over 75 countries for the title of the world's most skilled country at an international competition.

It all begins in one of 34 regions around Australia, where regional competitions are held every two years.

We offer many life changing pathways and scholarship opportunities that involve additional study, work experience, overseas travel or financial support.
